When the Grocer's boy says:  
"A dollar-fifty-three!"

Of course you never have the even money—and the boy never has any change.

You rummage everywhere for pennies.

Or you run around among the neighbors—or the boy goes off with your five dollar bill.

Or he takes back the groceries.

It's always annoying, isn't it?

And so unnecessary. When you open a charge account at our store your grocery troubles will stop and we will be mighty glad to have you among our hundreds of other satisfied customers.

We have built up this large business because we have always believed in giving real service. Quick deliveries, prompt and correct filling of telephone orders, honest, fairly priced merchandise and our thorough knowledge of the grocery business. We wrap up a generous amount of service with every package we sell.

An example of this service is our recommendation of RYZON Baking Powder.

We offer it to you because we know you'll be delighted with it; because we know it's pure, because we know it will do everything any other baking powder will do. The price is fair too, 40 cents per full pound tin.

We also recommend the Ryzon Baking Book, one of the best and most complete recipe books on modern baking we've ever seen.
